

Host Events with Us!

Become a Host Venue Today!

Let's Paint at your venue!

Art by WhoisAndrea is growing and is looking for venues to host paint parties! Her events can turn a slow night at your space into a lucrative party, complete with paying (and painting) customers. At no charge to you, Art by WhoisAndrea will attract approximately 15- 20 new customers to your venue on a quiet night to paint, eat, drink and have a good time!

We handle the details!

You provide a date, time, and space. We handle the rest! We will bring all the painting supplies needed for the evening, take care of setup and tear down, and best of all, NO MESS. We only use non-toxic, acrylic paints that can easily be cleaned with just water.

What's in it for your venue?

- 1) Exposure to a new customer base!
- 2) Increased bar sales on traditionally slow nights – 15 attendees x two drinks on average. Drink specials are encouraged!
- 3) Events last approximately 2 hours and usually start at 6:00 pm on weekends. Contact us for other event times, we are very flexible.
- 4) We arrive 1 hour ahead of time to set up and stay 1 hour afterwards to clean up. (We're in... we're out!)
- 5) We can also host your happy hour!

What we need from you!

- 1) Seating– Chairs and tables for 15. Tables should be cleared and cleaned by the time we arrive so we can cover them with our coverings.
- 2) Wait staff – We leave coverage details up to you, but it is suggested that your bar sales will increase if your staff is attentive throughout the event, picking up empty glasses and asking people for refills. Attendees start arriving 30 minutes before the event and stay 30 minutes afterwards. You should expect a rush in the first 45 minutes as everyone arrives.
- 3) Water- is needed to fill plastic cups for the paintbrushes.
- 4) Music- We supply our own music on portable equipment that plays when Instructor is not giving instructions. If you have a DJ that's great!
- 5) Lighting– Our painters need it to be as bright as possible. Please turn up the lights during event. We will need some power outlets for extra light.

Promoting the Event

- 1) Start date– Ideally we require 4-5 weeks advance notice to promote your event effectively. The sooner your event is officially listed, the larger the crowd you can expect.
- 2) Promotional materials – Your logo, images and text to advertise your business. While we can obtain these from your website, originals are best to portray a professional appearance.

Invite Us Back

Regular events provide mutual benefit! We are more than happy to let you try us once. If all goes well, we may ask you to become a monthly host- same time, same place. Easy for everyone to remember and increases event traction and traffic. More painters for us, more customers for you!
